**Built In Honors Abalta Technologies, Inc., in Its Esteemed 2023 Best Places To Work Awards**  
Abalta Technologies, Inc., Earns Placements on Built In's Best Places to Work List

For Immediate Release

[San Diego, CA // January 11, 2023] — Today, Built In announced that Abalta Technologies, Inc. has been honored as winner of its 2023 Best Places To Work Awards.

The annual awards include companies of all sizes, from startups to larger companies, and honors both remote-first employers as well as companies in large tech markets all across the U.S.

“We are honored to be recognized as a Great Place to Work in the nation's most competitive market. We will continue to support the career success and personal improvement of everyone at Abalta.” says Kenichi Kuwajima, CEO, Abalta Technologies, Inc.

Built In determines the winners of Best Places to Work based on an algorithm using company data about compensation and benefits. To reflect the benefits candidates are searching for more frequently on Built In, the program also weighs criteria like remote and flexible work opportunities, programs for DEI and other people-first cultural offerings.

“It's my honor to congratulate this year's Best Places to Work winners,” says Sheridan Orr, Chief Marketing Officer, Built In. “These exemplary companies understand their people are their most valuable asset, and they've stepped up to meet the modern professional's new expectations, including the desire to work for companies that deliver purpose, growth and inclusion. These winners set the stage for a human-centered future of work, and we can't wait to see that future unfold.”
